PROFILE

Creative and detail-oriented professional with over 4 years experience in e-commerce sales and client relationship management, and 10 years of leadership and operations in high end hospitality. Proficient in Adobe Premiere Pro and DaVinci Resolve, with intermediate skills in After Effects through video art production. Adept at blending strategic sales perception, creative content development, and team leadership to deliver impactful production support in dynamic environments.

EDUCATION

LE CORDON BLEU (NZ)

2013

- Diploma of Culinary Arts & Food Preparation

PROFESSIONAL EXPERIENCE

VINOMOFO

2021 - Ongoing

Senior Wine Broker

- Managing and nurturing ongoing client relationships, building and maintaining loyalty over a 4 year tenure
- Developing engaging written copy for wine and spirit offers, aligning products with brand voice to boost engagement and conversion rates
- Collaborating on digital marketing, bringing strategic input to campaign planning, and market research to identify industry trends

MOONMAN

2019 - 2020

Technical Marketing Assistant

- Organising and maintaining digital asset libraries, marketing materials, and project files to streamline content workflows and support event execution
- Assisting in creative development by contributing ideas, research, and design input for project concepts and set pieces
- Supporting on-site marketing activations including event setup, product displays, and design installations (bump in - bump out)

BAR CAROLINA (1 hat)

2018 - 2019

Sous Chef

- Led daily kitchen operations in a high pressure fine dining environment, assisting in the obtaining of the restaurant's first Chef's Hat award
- Supervised and trained kitchen brigade, ensuring quality and consistency across all sections, playing a key role in driving productivity whilst maintaining a fun and inclusive culture under fast paced service pressures
- Collaborated in menu development, contributing creative input to seasonal dish design and presentation to enhance guest experiences

SKILLS

- Client relationship management: Building and maintaining ongoing customer and business relationships
- Digital asset management: efficiently organising and maintaining marketing and production files, ensuring quick access and control
- Digital content creation: writing and designing engaging web copy and promotional materials tailored to various audiences
- Technical proficiency: advanced skills in multimedia production software as well as intermediate competency in programming and automation for streamlining processes, data analysis, and developing digital solution to enhance workflow efficiency
- Organisational & multitasking ability: efficiently managing multiple projects, deadlines, and operational tasks across hospitality and sales roles
- Creative thinking & problem solving: adept at generating innovative ideas and finding solutions in response to real-time challenges across diverse industries
- Team leadership & collaboration: proven success in leading, mentoring, and coordinating teams in high pressure kitchen and project-based environments
